## **PRE- NEED SECTION:**

### **Payment terms:**

The Provider acknowledges receipt of the "Amount paid" on this contract. If the amount is less than the total amount necessary for complete payment, the Purchaser agrees to pay all outstanding costs as identified in the Prepaid Contract within a twelve-month period. Should the death of the Recipient occur before the said twelve months, the Purchaser agrees to pay all outstanding costs within 60 days of the death of the Recipient.

### **Delivery time and location:**

The services or supplies contained in this Prepaid Contract will be delivered following the death of the Recipient and at times and locations as agreed between the Provider and the Recipient's legal representative.

### **Investment:**

Within 35 days, the payment(s) to the Provider, less the permitted amount defined below, will be placed and held in an individual trust account for the Purchaser, until the services and supplies are provided or this Prepaid Contract is cancelled and a refund is issued in accordance with the terms of the Prepaid Contract. The payments will be invested under the terms and conditions as described by Ontario Law. The Provider may receive remuneration from the trustee, not based upon this individual investment, but rather on the Provider's overall activity with the trustee.

### **Permitted Amount:**

On or after the 31st day after the day on which the Prepaid Contract was made, the Provider may retain 10% of the Prepaid Contract price (or amount paid, whichever is lower) up to a total maximum of \$350.00. This amount need not be invested in trust and if retained, is a credit against any amount the Provider may retain if this contract is cancelled.

### **Value of Trust Once per Year:**

Once in a year, if the Purchaser requests, the Provider will provide information about the amount in trust and how it is invested. If the money is in an individual trust account, the Purchaser will receive a statement that sets out: the current value of the account(s) as of the end of the month before the request, the name of the depository, and the name or type of investment in which the payment(s) have been placed.

### **Fulfilling this Prepaid Contract and Excess Funds - Trust:**

At the time the services and supplies are provided, the price of the supplies and services provided under the Prepaid Contract will be calculated on the price list in effect at that time, and the actual disbursements, if included in the Prepaid Contract and prepaid, and applicable taxes will be added.

If this Prepaid Contract has been paid in full in accordance with the terms of payment, the payment required under the Prepaid Contract, plus the income earned, will be applied to the cost of the services, supplies, disbursements and applicable taxes. If the payment(s) and income earned are less than the cost of the services, supplies, disbursements and any applicable taxes included in the Prepaid Contract, no further payment will be required. Increases to taxes or fees imposed by Federal, Provincial or Municipal Governments now or in the future may be owing in addition to the payment(s) and income earned.

If the payment(s) and income earned are more than the cost of the services, supplies, disbursements and applicable taxes, the excess amount will be paid to the person entitled under the Prepaid Contract to receive the payment.

### **Substitution:**

The Provider will make reasonable efforts to obtain and provide the services and supplies agreed to in this Prepaid Contract. If the Provider and person entitled to cancel this Prepaid Contract agree, the Provider may substitute a supply or service, which will be of comparable quality and value, and similar in style, design and construction to, the supply or service that is unavailable. The substitution will be made at no increase in price. If the Provider is unable to obtain and provide a service or supply, the Provider will provide a refund of the sum of the initial amount paid for the supply or service and any income earned on the amount paid. The Provider will inform the person entitled under this Prepaid Contract to cancel this Prepaid Contract, of the refund. This Prepaid Contract may be cancelled in accordance with the terms of cancellation.

### **Warranties:**

The Provider warrants that it will provide the services agreed to in this contract to the best of its abilities. The warranties granted in connection with the supplies provided as part of this Prepaid Contract are the express written warranties, if any, extended by the manufacturer of such supplies, and as required by Ontario consumer protection legislation.
